 Building Permits (Building Permit Fees are based on finished square footage for residential and footprint square footage for commercial. Permit fees shall be calculated using the International Code Council's Building Valuation Data (BVD) spreadsheet and the Formula: SF x Cost/SF (as per BVD) x .004. The following "Table A" shows the Cost per Square Foot for each Type and Occupancy and is inserted for the "Cost/SF" in the formula above depending upon the project. Permits to finish basements will be charged at 65% of new residential Construction. Minimum permit fee \$100.00.

For residential and Commercial Remodels at or above finished grade the permit fee will be reduced by 50%. This does not apply to additions. The minimum fee is \$100.00.

**Section 2.** That the following fees are hereby established for the purpose of wholly or partially defraying costs for proceedings under the City Zoning Regulations in amendments to zoning district classifications, for special use applications, and for Site Plan applications:

Amendment to District.....	\$ 100.00
Special Use.....	\$ 100.00 *
Site Plan .....	\$ 50.00

\* If an amendment to a district and a special use application are concurrently processed for the same zoning lot, only one fee is to be charged which would be the higher of the two fees listed.

If notifications have been given for an amendment to a district classification or a special use application and the applicant requests a deferral of the hearing, the applicant will be charged the direct cost of re-notification.

**Section 3.** That the following fees are hereby established for the purpose of wholly or partially defraying costs of proceedings before the City Board of Zoning Appeals for appeals from the determination of the Zoning Administrator, variances, and conditional uses:

Appeal .....\$ 100.00

Variance .....\$ 100.00

Conditional Use .....\$ 100.00

If notifications have been given for an appeal, variance or conditional use and the applicant requests a deferral of the hearing, the applicant will be charged the direct cost of re-notification.

**Section 4.** That the following fees are hereby established for the purpose of wholly or partially defraying costs of administration and enforcement under the Zoning Regulations for various permits and certificates:

Principal Structure or Use.....\$ 25.00 \*

Accessory Structure or Use.....\$ 25.00 \*

Sign Only .....\$ 25.00 \*

Portable Sign - 30 days or less .....\$ 25.00

Portable Sign - Annual .....\$ 100.00 per year or  
\$ 9.00 per month for remaining  
months in calendar  
year.

Service Charge for Redeeming  
Illegally Placed Portable Sign.....\$ 25.00

Temporary Permit ..... No Charge

\* This fee is not separately required if an application is concurrently made and a fee paid for a Building Permit. When an application for a permit is concurrently made for any combination of principal, accessory or sign structures or uses, the highest fee applicable to any one of the structures or uses will apply.

If there is a failure to apply for a zoning permit prior to commencing the construction, structural alteration, enlargement or moving of a structure or the establishment, change to another, extension, or enlargement of a use which upon investigation would otherwise have been permitted by the Zoning Regulations, there shall be an investigation charge added to the above permit fee which doubles the cost of the fee.

**Section 5.** That the following fees are hereby established for the purpose of wholly or partially defraying costs of proceedings under the Subdivision Regulations for applications pertaining to platting.

Sketch Plan .....	No Charge
Preliminary Plat .....	\$100 plus \$5 for each lot over one
Final Plat .....	No Charge
Lot Split .....	\$ 25.00
Correction of Platting Error .....	Engineering costs and Recording fee for affidavit
Vacation of a Street, Alley, Public Easement or Public Reservation (Building setback line, access control, etc.) .....	\$ 100.00

The cost of recording documents, publications, writs, engineering costs and inspections are payable in addition to filing fees. These, if any, will be billed to the applicant.

No fee shall be required when a proposed plat or lot-split is submitted by any agency, political subdivision, board or commission of any township, city, the county, the state or federal government.

**Section 6.** That no part of the fees in Sections 2-5, inclusive, shall be refunded after payment is made in advance of filing an application, except when a zoning permit is not approved by the Zoning Administrator in Section 4. A written receipt shall be issued by the City to the person(s) making the payment and records thereof shall be kept in such manner as prescribed by law.

**Section 7.** That the foregoing fees shall become effective on January 1, 2019, and after adoption of this resolution. To the extent that any fee set in this resolution has not been validly authorized, the fee shall not be assessed or collected unless and until the governing body has validly authorized the fee and such authorization is effective.

**Section 8.** Any fee under this resolution may be waived only by vote of the governing body. The governing body will weigh the fairness to others paying a similar fee if the fee is

waived, whether the requesting party is a for-profit or a not-for-profit entity and the community benefit versus loss of revenue that is offsetting the cost of the service.

**Section 9.** That all other parts of any prior resolution or City fee schedule which conflict with this Resolution are hereby repealed.

**Section 10. ADOPTED** by the governing body this 28<sup>th</sup> day of February 2023.
